

SpaceTech is a growing medium-sized enterprise focused on the development of space systems, from small satellites to optical instrument and a range of satellite equipment. From our headquarters in Immenstaad at Lake Constance, Germany, we offer our international customers our products and services for their space missions.

Due to our increased engagement in the area of Solar Generators for Satellites, we are hiring new employees to strengthen our team in the Solar Array Factory.

Supply Chain Manager Solar Arrays (m/f/d)

Your Tasks

- Preparation/maintenance of procurement specification and contractual documents
- Subcontractor management
- Technical interface management
- Change management

Your Skills and Experience
